I still remember the t-shirt that you were wearing
Reminiscing like whoa, like whoa
You had my back against the wall,
We're dancing and we're kissing like oh, like oh

I've got that perfect feeling, like we were just beginning
I took your hand and never let it go, I never wanna let it
go, no
Oh no, never let it go,
Oh no, never let you go,
Oh no, never let it go
Never let you go

On the floor tonight, I wanna do it like we did on the
first time
On the floor tonight, I wanna do it like we did
I wanna do it on the floor tonight
We'll be dancing, wanna live in the strobe lights
Yeah on the floor tonight, I wanna do it like we did

Something shook me when you looked at me
You touched me and I knew I wanted more, more
I felt alive it was electric, bolts of lightning
Unexpected gimme more, I want more

But something was different this time, I had to make
you mine
I took your hand and never let it go, I never wanna let it
go, no
Oh no, never let it go,
Oh no, never let you go,
Oh no, never let it go,
Never let you go

On the floor tonight, I wanna do it like we did on the
first time
On the floor tonight, I wanna do it like we did
I wanna do it on the floor tonight
We'll be dancing, wanna live in the strobe lights
Yeah on the floor tonight, I wanna do it like we did

In the heat of the moment, we couldn't stop or deny it
In our own world, like a jungle, it was just you and me,
yeah
You had my back against the wall,
We're dancing and we're kissing like oh, like oh, like oh

On the floor tonight, I wanna do it like we did on the
first time
On the floor tonight, I wanna do it like we did
I wanna do it on the floor tonight
We'll be dancing, wanna live in the strobe lights
Yeah on the floor tonight, I wanna do it like we did
