When I walk up in the room
I get it rockin'
All it took was just one look
To have 'em jockin'
I see some faces frowned up
I don't really give a what
All I'm tryin' to do is go and get mine
So when I step out on the floor
I let it roll now
No time for hesitatin'
Gotta let it go now
You gotta handle yours
So I can handle mine
So what you doin' now
Just show me one time

Better show me what you got, no lie
So tell me can you keep it hot all night
And boy you better have your game on lock
'Cause otherwise, otherwise

Tell me, tell me, tell me
Can you, can you handle that, that
Tell me, tell me, tell me
Can you, can you throw it back
All night
All night
All night
All night

Tell me, tell me, tell me
Can you, can you handle that, that
Tell me, tell me, tell me
Can you, can you throw it back
All night
All night
All night
All night

Got my wardrobe, check
Swagger on deck

I know you see me comin'
With my diamonds on my neck
'Cause me and my girls straight flossin'
You can look but don't touch
It'll cost you (oh!)
Got no time for this stress
So let it go now
I got your whole crew
About to lose control now
You better handle yours
'Cause I'm a handle mine
So what you doin' now
Just show me one time

Better show me what you got, no lie
So tell me can you keep it hot all night
And boy you better have your game on lock
'Cause otherwise, otherwise

Tell me, tell me, tell me
Can you, can you handle that, that
Tell me, tell me, tell me
Can you, can you throw it back
All night
All night
All night
All night

Tell me, tell me, tell me
Can you, can you handle that, that
Tell me, tell me, tell me
Can you, can you throw it back
All night
All night
All night
All night

Tell me, tell me, tell me
Can you, can you handle that, that
Tell me, tell me, tell me
Can you, can you throw it back
All night
All night
All night
All night

Tell me, tell me, tell me
Can you, can you handle that, that
Tell me, tell me, tell me
Can you, can you throw it back
All night

All night
All night
All night
