I see you over there fakin'
I ain't tryin' to take it
See you when I make it
See you when I make it
Talkin' this and that
But I pay 'em no mind
Talkin' this and that
But I pay 'em no mind

You
Tell me what happened to the dude
The one that used to play it real cool
Standin' 'round lookin' like a fool

Why would you let 'em take away your individuality
Now you pay attention to every single thing they say
I don't even know how you make it through the day
Livin' like a puppet on their strings

I don't care what they say
I'm just doin' my thing
I was born to be me
And inside there's a star
And I know in my heart
That I gotta do my own thing

I see you over there fakin'
I ain't tryin' to take it
See you when I make it
See you when I make it
Talkin' this and that
But I pay 'em no mind
Talkin' this and that
But I pay 'em no mind

Xpres:
I see you over there fakin'
I ain't tryin' to take it
See you when I make it
I see you when I make it
Talkin' this and that

But I pay 'em no mind
Talkin' this and that
But I pay 'em no mind

Jasmine:
I hear you speak
But the words that's coming out
Is just weak
Now I'mma hold it down at sixteen
Got individuality
And intellectually it's just sweet

Why would you let 'em take away your individuality
Now you pay attention to every single thing they say
I don't even know how you make it through the day
Livin' like a puppet on their strings

I don't care what they say
I'm just doin' my thing
I was born to be me
And inside there's a star
And I know in my heart
That I gotta do my own thing

I see you over there fakin'
I ain't tryin' to take it
See you when I make it
See you when I make it
Talkin' this and that
But I pay 'em no mind
Talkin' this and that
But I pay 'em no mind

Xpres:
Jazz, let me holla at 'em real quick
Could be mistaken
But I know that y'all some fakers
Dissing that we independent
Yeah, you just some haters
Hangin' with the fools that you thought would upgrade
you
But honestly you hate me
'Cause you know I hit the stage
Pay no attention
Money closin' my distance
(Line)
Put control on my mind
I'm talkin' music assistance
Keep my name outside your mouth
Or you gone find yourself missing
(Line)

I would be a fool
If I accept what y'all are (idk)
