(Cassidy Booth Deforest)

My motor's used to running just a little too fast
with no one behind the wheel
Just a good-time Bubba with a tank full of gas,
but now I gotta a brand new deal
I search my mind for a way to find a
way that I can work it all out
I thought for years and now it's perfectly
clear that this is what it's all about
Just grab a hot girl and a cold beer
Find a back road so you can disappear
Living on the edge is like dancing on a real sharp knife
Just crank the tunes up so you can get down
You gotta get lost, so you can get found
If you're hanging with me, well you're in for the ride of
your life
Momma used to tell me that the only way
to heaven was to sit at church and pray
Well me and the good Lord are real good buddies,
but I think I found a better way
Cause the neon sign has a little brighter shine than
the Sunday morning stained glass Sun
But after some consideration and a good imagination,
I found a way to get it all done
Just get some long legs and a short skirt
Put your mud tires on the red dirt
Living on the edge is like dancing on a real sharp knife
It's the right time for a left turn to a fast track for a slow
burn
If you're hanging with me, well you're in for the ride of
your life
Well I tried to be sophisticated - went and got all
educated
Tried my hand at thinking, but I always end up drinking
Waking up at purgatory
no name girl the same ole story
Hung over, head hurting, but the cure is certain
It's a hot girl and a cold beer
On a back road, you just disappear
Living on the edge is like dancing on a real sharp life

It's the right time for a left turn to a fast track for a slow
burn
If you're hanging with me, well you're in for the ride of
your life
Cause if you're hanging with me, well you're in for the
ride of your life
