Verse 1

My life ain't paradise there's no, champagne on ice
But someone to share it with now, wouldn't that be nice
No one knows loneliness no, not better than me
But timing is everything, it should happen naturally

Chorus

And I, know there's someone for me
Someone who will love and adore me
He might not be standing here before me
But tomorrow's a brand new day
It's a brand new day honey

Verse 2

My heart is troubled by the, by the way of the world
Anger's in over drive and there's need to be concerned
You deserve a friend and I'll be that to you
Learn to live together well that's all we have to do

Chorus

And I know I can't be wrong
Cos I know that I know the road we travel is winding
And if we can't get along
Then tomorrow's a brand new day

A brand new day-just to see the world
Through unassuming eyes
A chance to really try
A day to turn and face the one you truly love
And say I'll be by your side

Some days I'm overjoyed and happy like a clown
Other days I'm all washed out and that
Smiles turning upside down
Well know nbody's perfect but we gotta share the love
Getting in together well that's all I'm thinking of

Chorus
