You'll never get away with this
You'll never get away with me
I'll take it to the mountain
I'll fade away into the trees

A shadow on a landscape
A memory of some scenery
You'll never get away with this
You'll never get the clearance
I work for the department
The department of disappearance

You'll never get away with this
You'll never get away with me
I'll crawl into the mountains
I'll fall into obscurity
A phantom on a landscape
The memory of what used to be

You'll never get away with this
You'll never get the clearance
I work for the department
The department of disappearance

I work for the department
The department of disappearance
I work for the department
The department of disappearance
I work for the department
The department of disappearance
I work for the department
