Make Love

Gonna make love to you woman, gonna lay you down
by the fire

And caress your womanly body, make you moan and
perspire

I'm gonna get those juices flowin, makin love gravy,
love gravy, love gravy, love, love, love

Gonna make love to you woman, gonna lay you down
by the fire

And caress your womanly body, make you moan and
perspire

I'm gonna get those juices flownin, makin love gravy,
love gravy, love gravy, love, love, love

Open up a packet of my gravy, baby it's burnin' just for
you child

Would you like another helping of my gravy?

Say yeah, yeah, yeah, yeah

Watch out, don't let it get in your eyes now

Gonna make love to ya' woman, gonna get a little
freaky too

With lingerie of leather and a bottle of super glue

Let's make a human pretzel, dip it in love gravy, love
gravy, love gravy, love, love, love

C'mon baby, open up a packet of my gravy, baby it's
burnin' just for you child

Would you like another helping of my gravy?

Baby say yeah, yeah, yeah, yeah

Say yeah, say yeah, say yeah babe

C'mon

I like to...

Say yeah, yeah, yeah, yeah, sure yeah

I'm gonna climb into your cockpit, I'm gonna get those
rockets firing (Bam)

Blast you into orbit and burn out all your wiring honey
Get our asses on the launch pad (Hell yeah), makin',
love gravy, love gravy, love gravy love, love, love

Open up a packet of my gravy, baby it's burnin' just for
you child
Wouldn't you like another helping of my gravy?
Say yeah, yeah, yeah, yeah

I got a whole look a gravy left baby
Oh, those are nice, would you like some gravy on
those?
There's enough gravy to go around for everybody

I'm gonna drown all you bitches in gravy (Ike: Ah shut
up, ah shut up)

(Chef:) Oh come on Rick, you don't drown bitches,
dummy, that's not cool
Here, representing the handicapped of South Park is
Ned Gerblansky
Take it away Ned
