Well, I've been thinkin'  
Whatcha gonna do little girl on our first date  
Well, I've been thinkin'  
When I hold your hand little girl whatcha gonna say  
Well, whatcha gonna do when I hold you tight?

Whatcha gonna do when I say goodnight  
Whatcha gonna do little girl when I kiss your lips  
If all of my dreams come true just like I want them to  
I know little girl exactly what you're gonna do.

Well, I've been thinkin'  
Oh, please little girl, won't you be my steady date.

--- Instrumental ---

Well, I've been thinkin'  
Whatcha gonna do little girl on our first date  
I've been thinkin'  
When I hold your hand little girl  
Whatcha gonna say  
Well, whatcha gonna do when I hold you tight.

Whatcha gonna do when I say goodnight  
Whatcha gonna do little girl when I kiss your lips  
If all of my dreams come true  
Just like I want them to.

I know little girl exactly what you're gonna do  
Yes, I know little girl exactly what you're gonna do...
