If you want me to, I will hold your hand
After all, you're probably my best friend baby
You get lonely, I'll be there
If you get bored, well we'll go out somewhere.

But no fair, falling in love
Come on now baby, what d'ya say
No fair falling in love
Please don't look at me that way.

If you want someone to tell your troubles to
You can count on me, and you know that it's true
If you need somebody late at night
I will come to you and hold you tight.

But no fair, falling in love
Come on now baby, what d'ya say
No fair falling in love
Please don't look at me that way.

Let's just say we won't go walkin' through the moon up
above
Haven't we been through that enough
All I wanted was one little kiss
Poor girl, I didn't wanna feel like this.

But no fair, falling in love
Come on now baby, what d'ya say
No fair falling in love
Please don't look at me that way.

But no fair, falling in love
Come on now baby, what d'ya say
No fair falling in love
Please don't look at me that way.

But no fair, falling in love
Come on now baby, what d'ya say
No fair falling in love
Please don't look at me that way...
