There goes my baby, man
Movin' on down the line
I wonder where, I wonder where
She will bound, she will bound, man

I broke her heart, man, baby
And I made her cry
I'm alone, so all alone
What can I do now? What can I do now?

Whoa, I want my baby
And man, I need my baby
I wonder where, why did she leave me?
Why did she leave me?
I'm so all alone, and I'm so all alone?

Forgot to tell her that I love her
And when did I believe here?
I need her right by my side
To be my guide

I wanna know, where is my
Where is my baby, man
I want my baby
I need my baby

And there she goin', there she goin'
I let go my baby, baby
She movin' on down that line
And I wanna know where
And I wanna know where
She went down, she went down

Come back, my baby
Don't go no further, I need you
Come back baby, yeah
Don't take another step
I need you
