1st Verse

Just looking up at the stars
In this California Sky
Just wondering where you are
On This Warm Dec. Night
I could use just a little cold
Or Some Oklahoma Snow
I need to find my way home
Life out here is getting Old

2nd Verse

Some Where along the way
I've lost sight of why I'm here
But you saying please don't go
I remember all to clear
The moon is bright and full
Did you see that falling Star
Look into that Southern Sky
And I'll be right where you are

Chorus

Baby I'm coming home
On that northern Star
Baby I'm coming home
I'll Be Right there in your arms
If you look up at midnight
I'll be there till daylight
Baby I'm coming home
Baby I'm coming home

If you look up at midnight
I'll be there till daylight
Baby I'm coming home
