(Verse1)

She was from the other side of town  
A place where skin like mine just ain't around  
A place of unwritten laws and ancient ways where no  
one dares to stray  
But as our destiny's were laughin, some how we came  
to be close friends  
And now i'm haunted by this crazy secret that's got me  
cryin till the end

(Chorus)

How much i wanted, How i needed to let my feelings  
show  
How much my heart overflowed, she'll never know  
How much i loved her, i couldn't hurt her  
So i had to let her go  
How much it tortures my soul, she'll never know

(Verse2)

Everytime she looked into my eyes  
I knew that all she wanted was a sign  
Ohh, but that was the one thing i couldn't do cause of  
all the hell they'd put her through  
They would cast her aside forever and i could never  
watch her be disowned  
There's just no way i won't put her through it and that's  
why she'll never know

(Chorus)

It hurt so bad to be denied a reason,  
There is no reason  
It was too much to keep inside all i could say was good-  
bye

(Chorusx2)
