It's the break up break down again  
It doesn't much matter baby, where or when  
Feel the cold air rush right on  
It's the break up break down again

She said I know you think you've been misled  
Should I believe in all the things you said?  
Cuz all I wanna do, is cover you like a blanket  
And pour my heart for you, and be sure that you drink it

Yea....yeaaaaa alright

It's the break up break down again  
You lose your mind if in love you never win  
Close the door babe, but still it comes right in  
It's the break up break down again

She said I know you're bound to be ok  
Just loosen your grip, the stairs will dip our way  
Cuz all I wanna do, is cover you like a blanket  
And pour my heart for you, and be sure that you drink it

All I wanna do, is cover you like a blanket  
And pour my heart for you, and be sure that you drink it

Yea...yeaaaaa alright
