I called her on the phone late last night
I said "I'm worried baby, but I don't want a fight
This aint workin' out, can't you see
There's something missing here, it seems to me that
You're just gonna go and break me heart"
But I gotta get in first, got to play it smart
I'm gonna stop right here before it starts

'Cause I'm just foolin' myself over you
Foolin' myself, tell me it's true
I'm just foolin' myself
Foolin' myself again

I remember well when we first met
How you loved me baby, I can't forget
All your promises and my big plans
Now I'm sitting here watching them slip through my
hands
'Cause friends get tired of being pushed around
And you've been-a-usin' me like a punching clown
But baby one by one, they all fall down

'Cause I'm just foolin' myself over you
Foolin' myself, tell me it's true
I'm just foolin' myself
Foolin' myself again
