ft. Too Short

Nasty, nasty, nasty, yes oh
Nasty, 3 shots of Patron and a blunt of that...
Nasty, asking can I take her home
Said she wanna do something that...
Nasty, girl what you saying in the ... but it gets down
Girl I hope you can...
...running where your mouth is,
And we gonna take it from the bed to the couch
She get it nasty
On the floor, up in the bed,
And I'm checking for that ass, check it for my bread
She nasty as she wanna be, holding me, controlling me
Riding around, that's ... joke
See I put the right track I ... she got a back bone
... That's what her ass on, talks like a personal
oh baby, you can catch the bad home
She want ...cash it out and take her the cream at night
Give her ass a few kids and a reignful life
Not me bitch, all you get from me is ...
Right now I got the henny in the public ...
So every chick that's really ugly looking ... pretty
From the bed to the couch it's the bite marks and the
scratches...

Nasty, nasty, nasty, yes oh
Nasty, 3 shots of Patron and a blunt of that...
Nasty, asking can I take her home
Said she wanna do something that ...
Nasty, girl what you saying in the ... but it gets down
Girl I hope you can...
...running where your mouth is,
And we gonna take it from the bed to the couch

... love you ... we partners..
Copy brothers... we beasting
Pop a crater rose bottles keep dreaming
You see it's rocket shows ... limousines, bentley coupes
Everybody jock it slow
She make it move fast ... drop it low

I asked short dawg what you think about her bro?

I'm all on the hoe,
She so fast and the ass, where you wanna go
I love the way she do that dance
That's why I'm rubbing on her clitor pants
Rip it in my hand, yeah, you know I want some
You got a pretty ass face I'd like to cum on
You kinda easy and I don't like to flirt
It ain't nothing but a swallow and ...
I said biatch, it's on the cheek
That's why I like you little nasty freak
You little nasty freak
I want a ... and spit a rap about it on a funky ass beat
And that's just how it goes, you ever heard Short Dawg
got a lot of hoes
it's true and that's all we do
Right now we need some new recruits

Nasty, 3 shots of Patron and a blunt of that..
Nasty, asking can I take her home
Said she wanna do something that ...
Nasty, girl what you saying in the ... but it gets down
Girl I hope you can...
...running where your mouth is,
And we gonna take it from the bed to the couch
