They'll be a time when everyone is left alone,  
And I'll have mine  
There is no doubt when everyone has worn me out and  
gone  
When everybody's had their fill, she'll be waiting,  
She's waiting still  
And though she doesn't know I know,  
I know she wouldn't mind

Cause having someone believe in me, is all I need to  
know  
And standing all alone, is not the way I want to go

And if I get to be a star, or maybe no where near that  
far  
I know that either way it doesn't matter much to her  
And if I'm on my dying bed and suddenly my life is  
bled away from me,  
I know she'll she'd a tear because she cares

Cause having someone believe in me, is all I need to  
know  
And standing all alone, is not the way I want to go

And if I get to be a star, or maybe no where near that  
far  
I know that either way it doesn't matter much to her  
And if I'm on my dying bed and suddenly my life is  
bled away from me,  
I know she'll she'd a tear because she cares

Cause having someone believe in me, is all I need to  
know  
And standing all alone, is not the way I want to go
