(chorus)

Bop till you drop
in the hot city
Keep on working day and night
Don't stop 'til you
get what you want
Bop till you drop
in the hot city
Burn the candle
burn it bright
Love will have to wait

You wake up wired
and draw on your makeup
And the city breathes
and the city jumps to life
Lately it seems
your time is all used up
Chasing dreams
of money and the good life

But there is something
you've been thinking of
Lately you're feeling
the power of love
Everybody says it's
so hard to hold
The alarm rings
you gotta get up
you gotta get up

(chorus)

People say you're the lucky one
but you don't believe it
And you want to stop
and you want to take some time
To search out a feeling
and look for a reason
And the flesh is weak
but the spirit is willing

'Cause there is something
you've been thinking of
Lately you're feeling
the power of love
Everybody says it's so
so hard to hold
The alarm rings
you gotta get up
you gotta get up

(chorus)

There is something
you've been thinking of
Lately you're feeling
the power of love
Everybody says it's
so hard to hold
The alarm rings
you gotta get up
you gotta get up

(chorus)

(Bop till you drop)
