She was insatiable, you know the type
And she was young, but she was ripe
And she was vicious, and she took a bite

Baby, don?t wanna feel this pain anymore
I?ve got a message, put it through emergency
I wanna hear it on the radio, tonight

Calling all girls, if you?re looking for love
Calling all girls, if you?re looking for a hot time
Calling all girls, if you?re looking for fun
Calling all girls, if you?re looking for a good time,
tonight

Seems all the good girls are home in bed
We?re gonna party to raise the dead
I?m gonna love that girl, right out of my head

Baby, don?t wanna feel this pain anymore
I?ve got a message, put it through emergency
I wanna see it on the video, tonight

Calling all girls, if you?re looking for love
Calling all girls, if you?re looking for a hot time
Calling all girls, if you?re looking for fun
Calling all girls, if you?re looking for a good time,
tonight

Calling all girls, calling all girls
Calling all girls, calling all girls
Calling all girls, calling all girls

Baby, don?t wanna feel this pain anymore
I?ve got a message, put it through emergency
I wanna hear it on the radio, tonight

Calling all girls, if you?re looking for love, you got it
Calling all girls, if you?re looking for a hot time
Calling all girls, if you?re looking for fun
Calling all girls, if you?re looking for a good time,
tonight

Calling all girls, if you?re looking for love
Calling all girls, if you?re looking for a hot time
Calling all girls, if you?re looking for fun
Calling all girls, if you?re looking for a good time,
tonight

Calling all girls, if you?re looking for love, you got it
Calling all girls, oh, you got it
Calling all girls, if you?re looking for fun
Calling all girls, if you?re looking for a good time,
tonight

Calling all girls, hey, you got it
