Forever is ending  
But you see a deer  
Love isn't bending  
It's gone with the beer

And I know that I am feeling better  
Mary wants to love me so I'll let her

Chains and the irons  
Have fallen off of me  
I am much much lighter  
Everyone can see

And I know that I am feeling better  
Suzi wants to love me so I'll let her

I'm flying  
I'm flying  
Look at me  
I'm flying  
I'm flying higher than ever before

Ain't lying  
No crying  
Look at me  
I'm flying  
I'm flying higher than ever before

Singing so loudly  
I'm drowning out the birds  
Singing nothing special  
Just any happy words

And I know that I'm feeling better  
Sally wants to love me so I'll let her

I'm flying  
I'm flying  
Look at me  
I'm flying  
I'm flying higher than ever before

Ain't lying  
No crying  
Look at me  
I'm flying  
I'm flying higher than ever before

I'm gliding  
I'm soaring  
I'm riding  
I'm sweeping  
I'm flying high

I'm flying

And I know that I am feeling better  
Mary wants to love me so I'll let her

I'm flying  
I'm flying  
Look at me  
I'm flying  
I'm flying higher than ever before

Ain't lying  
No crying  
Look at me  
I'm flying  
I'm flying higher than ever before

I'm flying  
I'm flying  
Look at me  
I'm flying  
I'm flying higher than ever before

Ain't lying  
No crying  
Look at me  
I'm flying  
I'm flying higher than ever before

I'm flying  
I'm flying  
Look at me  
I'm flying  
I'm flying higher than ever before
