Now I can tell you how I feel though
A broken heart is this for real
There's still so much for me to do
And to know and to be and to feel

If you think you're groovy
You don't even move me
There's no denying
If you dare to be true

In my dreams I dreamt for two
My dreams were real but where were you?
And now my dreams have all been changed
Rearranged, there's room for two but not for you, not
for you

If you think you're groovy
You don't even move me, no, no
There's no denying
If you dare to be true

Oh you made me feel so real
Baby how I used to feel
Now I know what it's all about
Honey I found out, I found out, I found out

If you think you're groovy
You don't even move me
There's no denying
If you dare to be true

If you think you're groovy
You don't even move me, no, no
There's no denying
If you dare to be true

If you think you're groovy
You don't even move me, no, no
There's no denying
If you dare to be true
