I want your flesh and blood
And to feel your heart pumping hard
I want to tell my story to your eyes
I want to watch you react
To me baby
Maybe I'm dreaming
I got to do something
We may be on the same planet
Living in different worlds

Do you speak the Language Of Love
Living in the touch of your fingers
Are you the passionate type
Is this a natural thing
Do you speak the Language Of Love
Second hand emotional trigger
In the devil's playground
Hear the church bells ring

I speak the Language Of Love
I speak the Language Of Love

She's my great obsession
And the girl likes me too
I think she has the wrong impression
She thinks I want to be friends
Maybe I'm dreaming
I better do something
We might be on the same planet
But talk different tongues

Do you speak the Language Of Love
Living in the touch of your fingers
Are you the passionate type
Is this a natural thing
Do you speak the Language Of Love
Second hand emotional trigger
In the devil's playground
Hear the church bells ring

I speak the Language Of Love
I speak the Language Of Love

She thinks I want to be friends
Maybe I'm dreaming
I better do something
We may be on the same planet
Living in different worlds

I speak the Language Of Love
I speak the Language Of Love
Do you speak the Language Of Love
Living in the touch of your fingers
Are you the passionate type
Is this a natural thing

Do you speak the Language Of Love
Second hand emotional trigger
In the devil's playground
Hear the church bells ring
