Well, I miss you, yeah
But I don't really miss your touch
Not too much

Send your love express
But I don't need it all that much
Not too much
You know it's true, you know it's true

I don't miss your fascinating conversation
And there's more room in the bed now that you're gone
Don't tell me, I miss your smile, you know me, baby
This is the real deal and you know just what I've missed
You get my gist, the thing is this

Baby, I miss your kiss
(Not joking)
The truth is this
(You just can't miss)
I don't want to be fooling around
(Miss your kiss)

Baby, I miss your kiss
(Trust me on this)
If I had my wish couldn't ask for more
Miss your kiss

Now when I get home if you still want to talk all night
That's alright
And I want it known if you just want to turn out the light
I won't fight

I'll make love to you, make love to you, if you want to
You know baby anything goes
And I'll even get you breakfast in your bed
As long as I get my fix

You know it, baby, I'm missing the real thing
And you know just what that is
If I resist just slap my wrist

Baby, I miss your kiss

(Not joking)
The truth is this
(You just can't miss)
I don't want to be fooling around
(Miss your kiss)

Baby, I miss your kiss
(Trust me on this)
If I had my wish couldn't ask for more
Miss your kiss

I know what I want and what I don't have
What I won't give for your kiss
Nothing better, nothing better
If you hear me say, yeah, yeah
That's the way I want it, face to face
