Hey, little sister
I don't understand what you did
I'm hot enough to blister

Maybe this is just some kind of foolish game
My mind is playing
One voice it cries a warning

Half of me's already there
And half of me ain't got the stuff
My love it's out of control

I tell you because of what
She does to my soul
With all these fantasies she's triggering

Psychoactive, that girl is hypersexual
She knows how to fire my imagination
She's got to be psychoactive

The fact is everything's a fantasy
Makes that offer so attractive
'Cause that girl's so psychoactive

Hey, little sister
I still sleep alone in my bed
What's wrong with this picture
Could be this is nothing but my fantasy?

Am I crazy? One voice says its trouble
Part of me just wants to run
And part of me just wants to fight

Split decision again in my bed
Another sweet vision coming on in my head
Imagination she's triggering

Psychoactive, that girl is hypersexual
She knows how to fire my imagination
She's got to be psychoactive

The fact is everything's a fantasy

Makes that offer so attractive
'Cause that girl's so psychoactive
(She said she loves you, she said she loves you)

My love it's out of control
I tell you because of what she does to my soul
With all these fantasies she's triggering

Psychoactive, that girl is hypersexual
She knows how to fire my imagination
She's got to be psychoactive

The fact is everything's a fantasy
Makes that offer so attractive
'Cause that girl's so psychoactive
