I had no direction, I had no plan
In this big world I was a grain of sand
The first time our eyes met and you spoke my name
I felt a bond that only heaven could change

Don't even question, don't ever doubt
This kinda' river will never run out

You were, you are, you'll always be
My hope, my dream and all I'll need
My light in the dark, my soul, my heart
The only love for me
You were, you are, you'll always be

I won't make a promise that I can't keep
This love I feel for you runs way to deep
God as my witness by his design
I'll be with you until the end of time

You've stood beside me, you've been so true
I can't imagine my life without you

You were, you are, you'll always be
My hope, my dream and all I'll need
My light in the dark, my soul, my heart
The only love for me
You were, you are, you'll always be

My light in the dark, my soul, my heart
The only love for me
You were, you are, you'll always be
