Taste of fruitful inhibitions of a human.
Incapable of future seeing
beyond his thoughts of music.
Birth of music, birth of child is one.
Language of the world, the missing sense.

Wait, wait, look at the sun,
music of blinding light,
sound strength destroying sight.

Warning man, time for collection.
Take for you your choice of senses.
Warning man, time for collection.
One which has no earth connection.

Feel and touch the music sense.
Hear the cycle man should have.
Feel and touch the music sense.
To fight emotion, mans defense.

Music is the spaceman's time.
A travel form of moving love.
Music is the spaceman's time.
Placed on earth for man to find.

Music has no earthly connection.
Taken from the source of Creation.
Music has no earthly connection.
Listen, time for your collection.

Taste of fruitful inhibitions of the man.
Beyond his thoughts of music.
Created and abused by man.
Unaware of future seeing.
