#### Verse 1:

Someone cries, but there? s no-one to hear,  
No more time in an endless day,  
No place to hide as the secrets unfold,  
No more time left to fade away.

#### 1st Bridge:

My life,  
Gone from view,  
Without love,  
Without you.

#### Verse 2:

Close your eyes, for there? s nothing to see,  
Only dreams hiding far away.  
No tears to cry now I? m left all alone,  
Only seems like another day.

#### Chorus:

No-one can hear me,  
A cry everlasting,  
Bridges of time hidden deep within earth.  
Not in this life is complete understanding,  
A feeling of hope and of peace within earth.

#### 2nd Bridge:

Still waters run,  
Still waters run,  
Still waters run deep.

#### Verse 3:

Waiting alone there is no peace of mind,  
Only fear of another day.  
Lost in eternity, no end in sight,  
Only dreams of another way.

#### Chorus 2:

No-one can hear me,  
A cry everlasting,  
A feeling of hope and of peace on this earth.

2nd Bridge  
Still waters run,  
Still waters run,  
Still waters run deep.

Chorus 3:  
A feeling of hope  
And of peace on this earth.

2nd Bridge:  
Still waters run,  
Still waters run,  
Still waters run deep.

Still waters run,  
Still waters run,  
Still waters run deep.
