Lord, Lord, Lord
Lord, Lord, Lord, Lord
Ain't nobody's business what I do

If I should take a notion
Well I go right down and jump in the ocean
And it ain't nobody's business what I do
Nobody's business what I do

One day we got ham and bacon
The next day people ain't nothin' shakin'
Ain't nobody's business, whoo, what I do
Nobody's business what I do

Me and my man fuss and fight
The next day people we all right
Ain't nobody's business what I do
Nobody's business what I do

One day I'm goin' crazy
Get me a shotgun and shoot my baby
Ain't nobody's business, I said it ain't nobody's
Business
Lord it ain't nobody's business, hey!, what I do
It ain't nobody's business what I do
Nobody's!
