When I was growing up I allways felt real pain
Daddy was never there and my momma stayed the
same
But now the tides changed and I'm fucking up the
game
All these rappers wanting glamour but never knew of
the reign

True rap spitter with something that always relevent
My intelligence tells me these niggas are malevolent
On another level I'm taller than any elephant
Delicate rhymes with a mixture of every element

Believe me when I say I'm pillow talking away
Russian roulette with a hallowtip straight to the brain
I'm bringing pain so my clip starts spraying away
And if your on my hit list, better get out the way

Number one on my list is the illuminati
Controlling everybody with money and maseraties
Hardly a party when they take your life and your
hobbies
Fuck them industry niggas, killuminiti
