"I Will Never Return"

I am staring at the ground
Sweat is dripping down my face
My family believe in me
In what I've been telling them for days

It's nothing but a lie
But sometimes it's better
Not to tell the truth

Or should I tell them I would leave
That I would never come back?
I feel bad and the pain in my heart
In know - I will never return

I feel nothing but hate and love
I hear screams of a thousand warriors
I see my family - Tears fill my eyes
I embrace them all - Try to stay strong

THousands of corpses - The enemy is near
On horses or lurking in a pit
It's just a moment of being distracted
I feel the blade that chills my bones

[solo: Martin]

Oh, God - I don't wanna die!
I promised to come back
Which was nothing but a lie

I will never return
Oh, I will never return
