"Time for Revenge"

In war we pay with our lives
Defending our pride
Valkyries take our souls
To the gods we believe in

We're full of anger against those
Who burned our houses
Those who killed our families
And whose who took our Faith

Side by side we fight together
Till death and glory
Kill one by one
Till the battle comes to an end

No one can stop us
Our attitude: Fight to the end!

Now it's time for revenge
For revenge
For blood, death, and horror
For revenge - Revenge

We are known
As the cruellest of them all
Odin's Warriors of the great Golden Hall

One war after another
This is our life
Fear is something we don't believe in

Day after day
We are bleeding - We've got pain
But we swore allegiance to him

[solo: Martin]

Now it's time for revenge
For revenge
For blood, death, and horror
For revenge - Revenge

We are known
As the cruellest of them all
Odin's Warriors of the great Golden Hall
