[Hook]

It's her Love (Her Love)
Which kept me strong through all the hard times of my
life...
It's her Love (Her Love)
The only thing that changed me, is the one who saved
me...

[Verse 1: Jay Smoke]

I could'n ask for no one better, your love is so true...
The best thing about me, girl, is U!
You overlooked ma image, never took me as a crook...
Shy, first week later you liked me on Facebook
You a gangster gal, you be killing them girls all the
time
You more than gold to me, you all mine...
Never stopped loving you these years! now we gotta
take it to the next
Phase,
Don't fear... so now I close ma eyes,
Coz her beauty is so alive, heart beats to the wings of
the rhythm of a
Butterfly
Yea I think about it! yea I talk about it! and I would
shout out, to the
Whole world about it...
I Know you had a past, but we can make a future... it's
the perfect time for
Me and you, Forget the rumors...
And now I cry, tears, reflecting from her beautiful light,
forget what
Haters say, it's me and you for life!

[Hook]

It's her Love (Her Love)
Which kept me strong through all the hard times of my
life...
It's her Love (Her Love)

The only thing that changed me, is the one who saved me...

[Verse 2]

The way I felt for u, is something really special, I never felt this way,
So you more than just special,
I think about you all the time and I want you in my life...
And never... will I lie... for the one I truly love
You the everything I want, you the everything I need...
And I ain't going nowhere Birdy, you can count on me...
I love you till I last, I will love you till my death.
I can stand by you all the time, this I confess
If it was'n for you, I would have never been alive,
Cuz all the problems around me, that make me wanna die,
I ain't moving back girl, you get better with time...
You are beautiful girl, you get better with mine,
Like the myths of mermaid, none I can find,
For woman like you, I dedicated one rhyme,
For that attractive smile which controls ma mind
Ma princess you are, just one of a kind...

[Hook]

It's her Love (Her Love)
Which kept me strong through all the hard times of my life...
It's her Love (Her Love)
The only thing that changed me, she is the one who saved me...

[Verse 3]

The first time I met you, our eyes connected
Too late to realize, that I'm affected...
You spun your web on me, built a nest in my brain
And before I realized you left eggs with my name
You the best of the best, you my first and my next
You just hard to predict, so rare to exist
You can be Beyonce, I can be your Jay
Never mind the commitments, lets get married today
And I hope you listen every time that I say.
You the reason why I'm smiling at the start of the day
Have I ever told ya, your hair looks fly!
I get lost in your eyes and I ask myself why?
It's so hard to find, true love is so rare
Don't you worry baby I ain't going nowhere
You so precious, I never leave you in trouble
Hold you so soft like you a water bubble...

[Hook]

It's her Love (Her Love)
Which kept me strong through all the hard times of my
life...
It's her Love (Her Love)
The only thing that changed me, she is the one who
saved me...
