Lift it up lift it up lift it up

Verse 1

I see light in the darkest places
See smiles on the saddest faces
Tie those laces I can help you
But you alone got to walk your shoes
When we were young we played in the sand
Weren't so quick with a judgment hand
What kind of box you building man
See me first before see my tan
Rather you banish me then try to manage me
Extend my love outside the family
I found a god inside and so can you
Check the mirror he's looking back at you

Pre Chorus

Lift it up lift it up lift up
I was blind to long
Lift it up lift it up lift up
You know I got to
Lift it up lift it up lift up
Come on everybody
Lift it up lift it up lift up
AHHHHHH

Chorus x 2

Put your hands in the air
Grace it out free your cares
Lift it up everywhere
Mind and body take you there
Baby you are special too
All the good that you can do
Starts right inside of you
Come on girl you got to move

Verse 2

This one's out to the boogie chick
Up in the club on a boozie tip
Checking that man like "ooo he rich"
But you don't want to be that to be that bitch
Duck confit wash it down with goose
Foundation blonde weave the rouse
You ain't got cash she show you da deuce
Don't know what she want but she get what she
choose
I know your mama taught you better than that
I know you know you better than that
Bring your soul and I'll bring you back
To the good inside that's ready to act

Pre Chorus

Lift it up lift it up lift up
I was blind to long
Lift it up lift it up lift up
You know I got to
Lift it up lift it up lift up
Come on everybody
Lift it up lift it up lift up
AHHHHHH

Chorus x 2

Put your hands in the air
Grace it out free your cares
Lift it up everywhere
Mind and body take you there
Baby you are special too
All the good that you can do
Starts right inside of you
Come on girl you got to move
