You've been watching me from a distance,  
Trying to keep the pieces all in place.  
In my heart is a foolish persistence,  
Been taking you for granted up until today.  
What we have is good but could soon be gone,  
Ain't it just like you to be so strong.

All along,  
You've been right there waiting for me patiently.  
All along,  
While I was chasin' dream after dream on my own.  
I've spent all my time  
Tryin' to find the right star to wish upon.  
I never knew that it was you All along,

Can't you see the regret,  
How it holds me,  
Wrapped around my soul like a winter chill.  
I could let it go if you told me  
That you always loved me and you always will.  
What we have is good but could soon be gone,  
Ain't it just like love to be so strong,

All along,  
You've been right there waiting for me patiently.  
All along,  
While I was chasin' dream after dream on my own.  
I've spent all my time  
Tryin' to find the right star to wish upon.  
I never knew that it was you All along,

Ain't it just like you  
To keep our love burning strong.

All along,  
You've been right there waiting for me patiently.  
All along,  
While I was chasin' dream after dream on my own.  
I've spent all my time  
Tryin' to find the right star to wish upon.  
I never knew that it was you All along,
