Can't find the words
Can't find the sounds
These streets run wild
My stars are crossed
The dreams you are most
Are the ones that get lost

Can't find my pride
Where did it go?
I close my eyes
The room goes round
In a river of tears
Falling down on the ground

Every time I walk away
Something to say
Always pulls me back
And I see my whole life
Right before my eyes

Every time I try to break away
Baby, it's a lie
When I look into your eyes
I just wanna cry
I just wanna cry

You pull me close
But you're miles away
Without your love
My heart gets cold
The thing I held near
Were the things that you stole

Every time I walk away
Something to say
Always pulls me back
And I see my whole life
Right before my eyes

Every time I try to break away
Baby, it's a lie
When I look into your eyes

I just wanna cry

Every time I think about it
I cry
Everything I lived without it
Every time

Every time I walk away
Something to say
Always pulls me back
And I see my whole life
Right before my eyes

Every time I try to break away
Baby, it's a lie
When I look into your eyes
I just wanna cry
I just wanna cry
I just wanna cry
