Real life is just a little too real tonight
I think I'm gonna hop a jet plane
Go where things work out right
Some place far away from here, far from here

I wish life could be like a song on the radio
Everything just peace and love and stuff like that
I wish life could be like a song on the radio, you
Just turn it on and turn it up yeah

Laundromat, stop lights and taxi cabs
I think I'm gonna hop a freight train and find out where
its at
Some place far way from here

I wish life could be like a song on the radio
Everything just peace and love and stuff like that
I wish life could be like a song on the radio, you
Just turn it on and turn it up yeah

When life doesn't go my way all I gotta do is put on my
favorite song and I drift away yeah
Some place far away from here... far from here

I wish life could be like a song on the radio
Everything just peace and love and stuff like that
I wish life could be like a song on the radio, you
Just turn it on and turn it up yeah

I wish life could be like a song on the radio
Everything just peace and love and stuff like that
I wish life could be like a song on the radio, you
Just turn it on and turn it up yeah
Turn it up yeah
Turn it up
Turn it up yeah
I wish life could be
