Haven't seen you at the Angel Cafe  
or any other place where the crowd hangs out.  
sorry crazy just yesterday  
seems like your the one their all talking about  
Tried to call a hundred times  
did you drown in all those tears  
just gotta get you on the line  
cuz theres something you need to hear  
ooohhhoooo

Your not alone  
I've been there too  
you think that nobody cares for you  
but don't forget  
in the darkest night  
when your heart is sinking like a stone  
I know what your going though  
your not alone

oh this morning I've been picturing you  
in your lonely room with the shades pulled down  
caught up in all the bitter thoughts  
I know the last thing you want is someone coming  
around  
when its time to talk it out  
I'll be standing at your door  
whatever you need you can count on me  
cuz thats what friends are for

Your not alone  
I've been there too  
you think that nobody cares for you  
but don't forget  
in the darkest night  
when your heart is sinking like a stone  
I know what your going through  
your not alone

I've been down that road your on  
when I swore it will never end  
it's gonna take some time

but before you know it  
you'll be back on your feet again

Your not alone  
I've been there too  
you think that nobody cares for you  
but don't forget  
in the darkest night  
when your heart is sinking like a stone  
I know what your going through  
your not alone  
your not alone  
danananananadadanana  
your not alone  
nanananananadadanana  
your not alone  
nanananananadadanana  
your not alone  
nanananananadadanana  
nanananananadadanana  
nanananananadadanana (fade out)
