Left, left, right, left, march

Verse 1

We march as one the earth trembles from underneath
Hearts of lions got the sword of the spirit in our sheath
Modern warriors, standing strong, firm here to discern
The forces in our path
Aint no fear we speak the truth we are the light
Soldiers of God, trained for glory trained to fight

Chorus

Yea though I walk through the valley of the shadow of
death
I will fear no evil
Yea though I walk through the valley of the shadow of
death
I call on my hero, hero, my hero

Verse 2

We've been warned you go against the grain, you're
gonna get splinters
Yet we keeping our head's held high through the taunts
of the summer
Through the cold hearted winters
We be getting the devil all scared
Run run run run back to your lair
You can tell you aint needed here
So bring on the forces if you dare (oh oh)
If you dare

Chorus

Yea though I walk through the valley of the shadow of
death
I will fear no (I will fear no evil) evil
Yea though I walk through the valley of the shadow of
death
I call on my hero, (I call on my hero) hero, my hero

Bridge

Yea though I walk
Yea though I walk

Yea though I walk (though I walk)
Yea though I walk

Chorus

Yea though I walk through the valley of the shadow of
death

I will fear no evil (I will fear no evil, oh)

Yea though I walk through the valley of the shadow of
death

I call on my hero (on my hero), hero, my hero

I call on you Lord Jesus... (oh)
