I see you boldin on the pressure
Never let your conscious while I stay tougher than ever
I mean I run the Mc's on my block getting better
Better step the game off fuck em with the trend setter
Like my nigga jam glow seeing MBA figures
Well we're coming from the as an known drug dealers
Keep every soldier in hood eating like the shooed
shining like a star
In the new north Hollywood look at me girl I'm shining
South face and out east coming back it's perfect timing
Big city, big plans doing big things
Nigga break your dreams sound the shots and the
mother scream
Our life and another begins,
The second continues with one more lost in the wind
Homicide keep knocking I ain't letting the mid
See I don't talk to police don't even trust my friends
But still

Hook:
You from the hood man throw it up
You looking good girl throw it up
Now the whole world go it up
We keep it movin
You from the hood man throw it up
You looking good girl throw it up
Now the whole world go it up
We keep it movin

Another year still no solution
Generation after generation coming up and still
shooting
Ain't nothing left but guilty problem keep it movin
But soon in the movement are you ready for the
revolution
I chief flip stack rockin on need the newest
You ain't from the streets I can't tell you how to this
Real life over bitch boy I wonder who pay
Feel like a relief 'cause it used to all the fake shit
Ain't the whole in my videos getting naked
But I got cake he in puz I'm baking

Seen me on the streets take caution I'm blazin
Cops investigating say it's more than entertainment
Oh Lord my entity she goin pray for me
And all my niggas on the block they gonna spray for
me
You see me motherfucker make way for me
And I don't lost too much ain't nothing you can take
from me
