Never thinking this was to happen,  
But it did and we grew.  
Never thinking this was to happen, between me and  
you.  
So much in love, I've completely fallen for no one else  
but you.  
We've been through it all, and still going strong, kept  
our love and faith  
Inside our hearts and eventually made it through.  
Never thinking that this were to happen,  
But it did and we grew.  
Never thinking this would happen, between me and  
you.  
But we're still moving on, still going strong, hanging in  
and living our love song.  
So much in love and no one ever thought we'd last this  
long.  
Never thinking this was to happen between me and  
you,  
But it did and we grew.  
Never thinking this was to happen between me and  
you.  
Who in the world would have ever thought?  
Who would have even known?  
That there is something amazingly special between me  
and you
