I will follow you Follow you wherever you may go There isn't an ocean too deep A mountain so high it can keep me away

I must follow you Ever since you touched my hand I know The near you I always must be And nothing can keep you from me You are my destiny

I love you, I love you, I love you And where you go I'll follow, I'll follow, I'll follow You'll always be my true love, my true love, my true love From now until forever, forever, forever

I will follow you Follow you wherever you may go There isn't an ocean too deep A mountain so high it can keep Keep me away, away from my love

I love you, I love you, I love you And where you go I'll follow, I'll follow, I'll follow You'll always be my true love, my true love, my true love From now until forever, forever, forever

I will follow you Follow you wherever you may go There isn't an ocean too deep A mountain so high it can keep keep me away, away from my love

And where you go I'll follow
