Sunday left me helpless  
Monday left me shareless  
Tuesday's nothing more  
The rest is unaccounted for

#### CHORUS

I found more to life than love  
I found more to life above  
I found out  
And i fell into the habits  
You call sin

Standing here I'm waiting  
Fight fix and handle without complaining  
Forward every thought  
To your feelings' doorstep

Sunday left me helpless  
Monday left me shareless  
Tuesday's nothing more  
The rest is unaccounted for

#### CHORUS

Standing here and I am waiting  
Fighting, fixing not complaining  
(6x)
