(Fred Stryker)

All the things that we have done together
All the joys and sorrows that we've shared
Made me feel our love would last forever
Now I know you never really cared.

Don't step over an old love
To get somebody new
Don't step over an old love
Who always has been true to you.

--- Instrumental ---

When my back was turned he caught your fancy
And he turned an innocent affair
Into something more than just a friendship
While my dreams all crumbled in despair.

Don't step over an old love
To get somebody new
Don't step over an old love
Who always has been true to you.

--- Instrumental ---

Now you think you're happy with your new love
You don't think he's been untrue to you
Wait until you hear the whole town talking
Than you'll feel these heartaches like I do.

Don't step over an old love
To get somebody new
Don't step over an old love
Who always has been true to you...
