Soldier of the cross soldier of the cross You carry the sort of fate

Soldier of the cross soldier of the cross You bring love to those who hate

You bring love to those who hate

And the pendulum swings side to side

Where you gonna run where you gonna hide

When he comes down only you can tell

What it's gonna be heaven or hell

He's a stranger in this valley where many a men met his grave

And the voices in the silence sing od the life he can save

But the river runs deep and the river is wide

How you gonna get to the other side

Pendulum swing only you can tell

You gotta let them choice heaven or hell

And the pendulum swings side to side

Where you gonna run where you gonna hide

Living on the line only you can tell

What it's gonna be heaven or hell

Soldier of the cross soldier of the cross

You carry the sort of fate

Soldier of the cross soldier of the cross

You bring love to those who hate

You bring love to those who hate

You bring love to those who hate

You bring love you bring love

You bring love you bring love

You bring love you bring love
