I wait for you dear all night long  
It seems you never do get home  
I fall asleep at the break of day  
Just to drive these awful blues away.

Wake up sweetheart the night has passed  
You slept your troubles all away  
Get ready now to love again  
This weary heart you stole away.

I heard you crying in your sleep  
You said you found somebody new  
So I'll live on and just pretend  
I could never love no one but you.

How can you treat me like you do  
You know I've never done you wrong  
My heart will always worship you  
But still each night I'm left alone...
