VOICES SINGIN'

(Richard Leigh - Billy Dean)

© '97 EMI Blackwood Music

I found some shade beneath a willow tree I fell asleep  
and started dreaming  
That everything created here on earth all had voices  
singing  
Every rock and every blade of grass even the ivy that  
was clinging  
Every leaf and every drop of rain all had voices singing  
It brought the angels down in my dream so clear  
Then the Lord sat down so that he could hear  
The sea and waves were rushing to the shore with the  
joy that they were bringing  
A sound so perfect that it made me cry to hear their  
voices singing  
And as the Lord sat down the angels hovered near  
But they made no sound so that he could hear  
I couldn't help but want to add my own to the praises  
that were ringing  
Then over all the world there fell a hush to hear my one  
voice singing  
Gloria I heard voices singing  
I heard voices singing
