(Chorus)

Where do you go at night  
Under the city light  
Where do you go at night  
Where do you go

Show me where you go and do I fit in  
Like you wanna get'em done up right  
Go out and find yourself a meaning  
Underneath the big city light

I wanna know what your feeling  
When you go out and get'em done up right  
Do you think you'll find yourself a meaning  
Underneath the big city lights

Where do you go at night  
Under the city light  
Where do you go at night  
Where do you go

Is it fame and fortune you're seekin  
When you go adn get'em done up right  
From the simple life you're feeling  
Underneath the big city light

Just remember this one small thing  
When you go and get'em done up right  
Don't lose yourself when lookin for a meaning  
Underneath the big city light

Where do you go at night  
Under the city light  
Where do you go at night  
Where do you go

Break

The plastic smiles go on for miles  
Down the boulevard  
It's in the air, It's everywhere

Beat on me is the high  
plastic smiles go on for miles  
Down the boulevard  
It's in the air, It's everywhere  
Beat on me is the high

Have you found a place where you can hide

Where do you go at night  
Under the city light  
Where do you go at night  
Where do you go
