in this town
we all know what's going down
what goes up and what comes 'round
nothing here's ever the same
everyone's headed for change

I've been hoping you
might be coming home real soon
we can chase the sun and moon
nothing here's ever the same
everyone's headed for change

and I've been waiting a lifetime
for a girl like you
I've been waiting a lifetime
all my dreams come true
I've been waiting a lifetime
for a girl like you
and I'm waiting, I'm waiting

in this town
we all know what's going down
what goes up and what comes round
nothing here's ever the same
everyone's headed for change

ooh ooh ooh ooh ooh ooh
ooh ooh ooh ooh ooh ooh
