Well, tonight's my night to really howl
Tonight's my night I'm on the prowl
And I'm in the mood for lovin' gal
Well, if you're waitin' on me, baby, I'm ready

Tonight's my night to dine and dance
Tonight's my night to take a chance
How'd you like to be my new romance?
Well, if you're waitin' on me, baby, I'm ready

The Silver Slipper, the Wagon Wheel Inn
There won't be a place that we haven't been
Before daylight there's nothin' finer
Than bacon and eggs at the moonlight diner

Tonight's my night to let the gates down
Tonight's my night to do the town
So let's go tearin' it upside down
Well, if you're waitin' on me, baby, I'm ready

Well, tonight's my night to cut a rug
Tonight's my night to jitterbug
I'm in the mood to kiss and hug
Well, if you're waitin' on me, baby, I'm ready

Tonight's my night to jump the fence
Tonight's my night for big expense
Now's the time so let's commence
Well, if you're waitin' on me, baby, I'm ready

The Silver Slipper, the Wagon Wheel Inn
There won't be a place that we haven't been
Before daylight there's nothin' finer
Than bacon and eggs at the moonlight diner

Tonight's my night to let the gates down
Tonight's my night to do the town
So let's go tearin' it upside down
Well, if you're waitin' on me, baby, I'm ready
