When you left me lonely here
I thought that I would drown in tears
As one was wiped away
Another one would take it's place
But drop by drop as time went by
I slowly ran that river dry
Till I finally realised today

[CHORUS]

Well I've cried my last tear for you
Wasted my last year on you
There's no trace of the heartache I knew
Well it's been raining pain since you walked out
But baby that's all over now
'Cause I've cried my last tear for you

Well I used to lay alone in bed
With my pillow soaking wet
And all of those lonely nights
I thought there was no end in sight
I cried my heart out over you
And then I cried the hurt out too
It took a while but now I'll be alright

[CHORUS]

Yeah baby I've cried my last tear for you
