(Cindy Walker)

So you saw her last night with her new love
Yes they tell me they make quite a pair
And that they both look happy together
I just wonder not that I care.

Tell me was she as lovely as ever
Like an angel with golden hair
Does she still close her eyes when she dances
I just wonder not that I care.

Once I thought I couldn't live without her
Funny how wrong I could be
Now I never even think about her
What she does doesn't mean a thing to me.

Well it's late so I guess I'll be going
Too much smoke what I need is some air
By the way did she ask you about me
I just wonder not that I care.
